

2012 TAG Approved® Accommodations Program

**Reach LGBT consumers, meeting planners and travel agents in the United States.
A full year of marketing and educational support benefits for only \$179 US.**

TAG Approved® Accommodations is the largest program supporting LGBT-welcoming hotels, resorts and B&Bs in the world. With over 2,000 participating hotels meeting six LGBT-welcoming qualifications, we are the largest because we offer the most benefits for the dollar. Being TAG Approved® is more than a membership. TAG provides practical benefits to help your hotel cost-effectively reach gay and lesbian consumers throughout the United States, Canada and beyond.

TAG is operated by Community Marketing, Inc. and is based in San Francisco. Since 1992, CMI has provided a comprehensive portfolio of LGBT travel marketing and promotional products. Visit www.CommunityMarketingInc.com for a full list of services. For more information, contact Glen Fishman at glen@CommunityMarketingInc.com.

2012 TAG Approved® Accommodations Program Qualifications

LGBT-welcoming “Best Practices” Qualification

In order to participate in the TAG-Approved® Accommodations program, your hotel must meet the following six gay-welcoming qualifications. If you have questions about the qualifications please call 415/437-3800.

1) Non-discrimination Policy

TAG members must have a non-discrimination policy that includes sexual orientation and gender identity. TAG recognizes that for some hotels, sexual orientation and/or gender orientation/identity non-discrimination is required by law by their country, state, or region. If this is the case for your hotel, it is acceptable to join TAG, even if your hotel does not have a formal nondiscrimination personnel policy. This recognizes the HR trend of defining your non-discrimination policy, in relation to the changing laws of your region. TAG recognizes that some of our hotels have sexual orientation policies in place, but have not yet developed gender identity policies. TAG expects hotels to start making this important policy change and to have this policy in place by 2013.

2) Equal Administration of Personnel Benefits

TAG members must treat heterosexual married couples and same sex marriages, domestic partners and/or civil unions equally in their personnel policies. This is often referred to as Domestic Partner Benefits. TAG recognizes that for some hotels, same-sex marriage is legal in their region and these hotels are not required to have domestic partner personnel policies separate from their standard married couple policies. TAG recognizes that many small properties have little to no employee benefits. This policy enforces the equality of the benefits, not the extent of the benefits.

3) Diversity Training

All TAG members must provide LGBT-specific diversity training to their employees. This training can be part of the diversity training offered by the hotel, or hotels can develop classes specific to LGBT concerns. TAG provides regular webinars on how to develop diversity training in your hotel. It is acceptable to register for TAG if you agree to take TAG's diversity webinar and implement diversity training in your hotel within six months of registering. This training is also available at no additional charge on disk.

4) TAG as a Watchdog

By becoming a TAG Approved® Accommodation, property management acknowledges that both their customers and employees may become “watchdogs” of their business practices. TAG encourages both hotel employees and customers to contact TAG to report if the property does not follow required policies. It is the policy for TAG to follow up on all complaints, and we expect the property to adequately address and resolve the issues presented. If TAG determines that the complaint is not being adequately addressed, or that the property does not meet TAG's Best Practices qualifications, the property will be terminated as a TAG member and the company must agree to immediately cease using TAG Approved® identification on promotional materials.

5) Community Support Policy

TAG Approved® hotels must support their local communities through cash, gift certificate or in-kind support to local non-profits. TAG strongly recommends that you include organizations that support the LGBT, AIDS/HIV or women's communities.

6) Significant Harm Policy

TAG recognizes that no hotel or hotel brand can police every owner, investor, manager, and employee. Unfortunately, situations can occur where a hotel meets the above qualifications, but an individual connected to the hotel does significant harm to LGBT equality. TAG reserves the right to terminate membership should these situations occur and if the hotel does not adequately address the concern.

TAG Approved is a registered certification mark owned by Community Marketing, Inc.
